Directors, Assessors and Tax Collectors

the Queen, the Diplomatic Agents of Foreign
ments and their attaches, duly made known to the
of Foreign Relations, are exempt from all internal
tion. All property must be assessed in the district in
which it is situated.

REAL ESTATE.—Real Estate includes all
lands, buildings, structures and other
affixed to the same, and is subject to a tax
of fifty cents every hundred dollars of its assessed
value. **Exceptions.**—Real estate belonging to Government,
to the Ward of the King, to incorporated or private schools,
to religious societies, church sites, burying grounds, and
houses for education, and to literary and benevolent institu-
tions.

IX ON PERSONAL PROPERTY.

Personal Property includes all animals, household furniture and chattels
not specifically taxed; goods, wares and merchandise; all ships
and vessels at home and abroad; all moneys in hand and mon-
eys loaned, all mortgages, public stock, stocks in corporations,
exchange bills and every other species of property not included
in real estate, and is subject to a tax of fifty cents upon every
one hundred dollars of its assessed value. No person is liable
to the Property Tax unless the assessed value of his or her
real and personal property shall amount to one hundred dol-
lars. Leasehold interest must be assessed as personal prop-
erty against the owner of the beneficial interests therein.
All personal property other than leasehold, must be assessed
to the party in possession of the same.

CARRIAGE TAX.—All carriages and wagons drawn by
one or more horses or mules, used for the conveyance of per-
sons, are subject to an annual tax of five dollars each.

POLL TAX.—Every male inhabitant of the Kingdom,
between the ages of seventeen and fifty years, whether a
subject or an alien, is subject to an annual poll tax of one dol-
lar. **Exceptions.**—Clergymen of any Christian denomina-
tion regularly employed in their vocation; teachers of youth in
public or private schools for more than six months of the
year; soldiers in actual service; members of the leg depart-
ment, and persons exempted by the assessor of the district on
account of age, infirmity and poverty.

ANIMAL TAX.—All animals are taxed without regard
to age. All horses, mares and colts, shall pay a yearly tax
of seventy-five cents each. All mules and asses shall be
yearly taxed fifty cents each. All dogs shall be yearly taxed
one dollar each. Any person having the custody of a horse
or other animal, subject to taxation, shall be deemed the own-
er thereof, for all purposes of taxation; but this shall not be
construed to conflict with the law requiring konohikis to re-
turn a list of animals running on their lands, with the names
of the owners thereof. **Exceptions.**—Animals belonging to
the Government; firemen are entitled to an exemption from
taxation on two horses.

The assessment of personal property should be governed
by the same general rules.

SECTION 2. Every male subject of the Kingdom, who
shall have paid his taxes, who shall have attained the age of
twenty years, and shall have been domiciled in the Kingdom
for one year immediately preceding the election, and shall
know how to read and write, if born since the year 1840, and
shall carry his name duly entered on the list of voters of his
district, shall be entitled to be elected to a representative or
representative of that

district; provided, however, that no insane or idiotic person,
or any person who shall have been convicted of any infamous
crime within this Kingdom, unless he shall have been par-
doned by the King, and by the terms of such pardon have
been restored to all the rights of a subject, shall be allowed
to vote; and no other persons than those qualified as in this
section provided, shall be allowed to vote at any election for
representatives to the Legislative Assembly of this Kingdom.

NOTE.—Hawaiian sailors, in vessels bound on foreign
voyages, whether native or naturalized, commute for all their
personal taxes at the time of shipment, and consequently are
liable only for the tax on their real and personal property,
their animals and carriages.

Consuls of Foreign Nations are exempted from taxation
by the laws of the Hawaiian Kingdom, or by the laws
of nations.

The Assessors before commencing their work must each
take the required oath, a copy of which must be sent to the
Minister of Finance, as no assessor can receive pay for his
services until a certified copy of his oath is on file in the
Treasury. [Read laws of 1874, Chapter LVIII]. They
must write their assessments and enumeration on the left
hand pages only, and must foot all the columns except the
two first on each page, and prove the footing of each, to
avoid mistakes. When the pages are all footed and proved,
they must recapitulate the footings by pages, writing only on
the left hand page. They must in all cases describe the lo-
cality of the real estate assessed, so that it can be identified;
and if the owner is non-resident, they must state the place of
his residence, if known. If the tax payer owns but one lot of
land, its assessed valuation must be placed in the column headed
“Ka huina nui,” etc.; but if he owns two or more lots,
each must be described, assessed and specified separately, and
the value of each placed in the column headed “Uku kupo-
no,” etc., and the total value of all the lots extended in one
gross sum into the column headed “Ka huina nui.” When
their books are complete, they must, before passing them to
the Governor, take and subscribe, before a police or district
judge, an oath, to be written on the first page of each book,
stating that “this is my assessment book for the dis-
trict of _____, the island of _____, for the year 187—”

The assessors are instructed to use every means in their power
to ascertain the actual existing value of real estate. In order
to do this, they will have reference to the improvements
thereon, to its capacity for production, its distance from sea-
ports and markets, and such other circumstances as tend to
establish such value. Where mortgages exist, the amounts
thereof must be deducted from the valuation charged to the
owner of the fee simple title, and assessed against the holders
of said mortgages, under the heading of personal property.

The tax-collector, before commencing his work, must give
the required bond. The tax-collector shall, upon the receipt
of the amount of the tax from the owner of any dog, deliver
to the said owner, a metallic tag, for each and every dog so
paid for, which tag shall be stamped with the number of the
year for which the tax shall have been paid, and stamped also
with a number, which number shall be registered opposite the
owner's name, in the tax-collector's book; the tax-collector
shall also collect from the said owner, the further sum of ten
cents, for each and every tag given him as above. The amount
received for tags must be accounted for with other moneys

the Governor of the Island. The owner of the dogs must affix the above mentioned tags in a conspicuous manner to the necks of their dogs, or else they will be liable to be killed by any police officer. He is also authorized, in case he finds in his district any person or property liable to taxation, not enumerated or assessed, to make an enumeration or assessment of the same, and collect the taxes thereon in the same manner as if said person or property had been duly assessed.

Sec. 3. The assessors of taxes in the several districts shall carefully record upon their several assessment registers, in separate columns, to be provided for that purpose, according to the form immediately following this section, the names of all persons possessing the requisite qualifications for voters, as provided by sec. 2, of this Act; and if there shall be any persons in their respective districts who shall be possessed of the requisite qualifications to justify their voting, as provided by the 62d article of the Constitution as amended, and yet may be disqualified by any constitutional reason, they shall note the same carefully against such name on their said lists in the column set apart for remarks.

QUALIFICATION OF VOTERS.

Name	Age.	How long domiciled	Read and write (if born since 1840.)	Remarks

Sec 4. For the purpose of such elections, every tax-col-
lector shall make out an accurate list of the names of all the
persons in his district who shall have paid their taxes for the
year immediately preceding an election, within the time pre-
scribed by law, and who shall have been entered by the as-
sessor upon the assessment register as possessing the requi-
site qualifications to vote, together with the names of all per-
sons who shall have paid in to him their taxes within the
time prescribed by law, who may possess the requisite qualifi-
cations to vote, but who may have been omitted to be en-
tered by the assessor on the assessment register, as provided
in sec. 3 of this Act; and in every such case the tax-collector
shall enter upon the proper column of the assessment register,
in his possession, the nature of the qualification of the party
so omitted to be entered by the assessor, and who shall there-
upon become entitled to vote at such election.

Sec. 5. Every tax-collector shall, on or before the last
day of December of the year immediately preceding that in
which an election for representatives shall be held, make out
and return to the inspectors of election of the district, an ac-
curate list of all the persons in the district who shall have
paid their taxes within the time prescribed by law, whose
names may appear upon the assessors' assessment register as
extended and corrected by the tax-collector, according to the
provisions of sec. 4, of this Act, as possessing the requisite
qualifications for voters.

The tax-collector, before commencing his work, must give
the required bond. The tax-collector shall, upon the receipt
of the amount of the tax from the owner of any dog, deliver
to the said owner, a metallic tag, for each and every dog so
paid for, which tag shall be stamped with the number of the
year for which the tax shall have been paid, and stamped also
with a number, which number shall be registered opposite the
owner's name, in the tax-collector's book; the tax-collector
shall also collect from the said owner, the further sum of ten
cents, for each and every tag given him as above. The amount
received for tags must be accounted for with other moneys

covered by suits, as well as on taxes voluntarily paid. It is their duty to prosecute all suits against delinquents to a final judgment, with their books of taxation, against them, and generally to exercise all their diligence in enforcing the laws.

The tax-collector is authorized to grant, up to the last day
of November, to persons disputing the amount of their taxes,
a certificate of appeal (blanks for which will be furnished) upon
their paying to him costs as follows: When the reduc-
tion or exemption claimed amounts to two dollars or less, fifty
cents; over two dollars and under five dollars, one dollar; five
dollars and not more than ten dollars, two dollars; and for
every additional five dollars or part of five dollars, one dollar
additional. All costs so paid, are to be returned to the par-
ties appellant in case the appeal is sustained by the Board of
Appeals, but if not sustained, the costs are to be paid to the
Governor, to be accounted for by him, to the treasury, under
the head of fines and penalties. The tax-collector may grant
gratuitously, certificates of appeal from personal taxes only,
to persons disabled by sickness or bodily injury.

The tax collector is authorized to make such deductions
from the taxes of parties appellant, as the Board of Appeals
may direct; and in order to afford time for hearing all appeals,
he is not authorized to commence legal proceedings against
parties appellant to compel the payment of their taxes, until
the 16th day of December.

Property seized by a tax-collector for payment of taxes,
cannot be replevied at the suit of the tax-payer.

The tax-collectors are by law entitled to a commission of
five per cent. upon all taxes collected by them, not enumera-
ted or assessed by the assessors.

Tax-collectors are entitled to commissions on all taxes
covered by suits, as well as on taxes voluntarily paid. It is
their duty to prosecute all suits against delinquents to a
final judgment, with their books of taxation, against them, and
generally to exercise all their diligence in enforcing the laws.
